W. T. HOWARD SUICIDED. that Himself Through Right Temple-Despendency the Cause.

William Thomas Howard, a man of at 65 years, who had been employed the Quidnick-Windham company for nearly two years, and was liked by all who knew him, committed suiby all who knew him, committed suicide about 7 o'clock Thursday morning in his room in the Park Central
house, shooting himself through the
right temple with a bullet from a .33
calibre revolver of Hopkins & Allen
make. The bullet went clean through
his head, coming out at the left temple,
and was found on the floor beside him.
Despondency over an incurable disease
and family troubles are said to be the
cause of his act.

The shot was heard around 7, but was thought at that time to be a door closing. About a quarter of an hour

later, when Howard did not show up downstairs, a search was made and the body discovered. The police department and Medical Examiner Louis I. Mason were notified, and the latter pronounced it a case of suicidal shooting, and gave permission for the removal of the body, which was taken in charge by Funeral Director Jay M. Shepard.

The deceased, who was a married man, with a wife and eight children, four of whom live with their mother in New Bedford, had been out of work, due to the temporary closing of the mills, for nine weeks, and had made several remarks lately which tended to show his state of mind.

Only Wednesday afternoon he went to see Dr. Owen O'Neill in regard to the state of his health, after earnest solicitation by William Rose, proprietor of the Park Control of the Park Control of the State of his health, after earnest tor of the Park Control of the State of his health, after earnest tor of the Park Control of the State of his health, after earnest tor of the Park Control of the State of his health, after earnest tor of the Park Control of the State of Mind III and nearly raised a riot at both performances, nearly everyone in the nouse by storm formances, nearly everyone in the rouse being started by one of the state of his health, after earnest to solicitation by William Rose, propriet the state of his health, after earnest solicitation by William Rose, proprietor of the Park Central, and was told he would have to undergo an operations. At the interview he told the doctor that he felt like taking his life, and, on being reasoned with against such a deed, said: "If you knew what I was up against, wou wouldn't blame me." On his return from the visit, Mr. Rose said, he was very despondent and if he had known that Howard had Mr. Rose said, he was very despondent and if he had known that Howard had the revolver in his possession he would have tried to obtain possession of it before Howard left him for the night. A short time ago one of Howard's daughters, who lives in San Diego, Cal., offered to take care of him, but he did not have the price of a ticket, and it is supposed did not want to write out there for the necessary amount to purchase his transportation to the coast.

A note was left behind by the dead

A note was left behind by the dead man arranging for the disposition of the few belongings he had with him, so that the deed was clearly premed-itated. The writing of the note, how-ever, was scraggly and considerably unlike his ordinary writing. Everyone who was acquainted with Howard speaks well of him, and when the news was circulated about that he had made way with himself expressions of sympathy and pity were heard on all sides.

ANNUAL MINSTREL SHOW Given by Willimantic Minstrel Boys

Under Direction of John F. Collins. The annual minstrel show given by the Willimantic Minstrel Boys under the management of John F. Collins and the direction of the old-time minstrel man, Sam Johnson, was a decided hit Thanksgiving afternoon and evening. The stage was set for the first part of the entertainment with some very effective scenery designed by Mr. Collins and painted by William K. Eath, and with new and timely jokes, and good singing, assisted by the playing of Helmoid's orchestra, applause and encores were the rule. the playing of Helmold's orchestra, applause and encores were the rule.
Of course, the premiers were Sam Johnson and George Bartlett, and the conversationalist John F. Collins, but their efforts were ably seconded by the following ends: F. Keon, F. Ashton, W. Moriarty, W. Hussey, A. McOuillan and S. Higgins, and the following as vocalists: J. Moriarty, J. Keirans, J. McShea, J. McQuillan, H. F. McKeon and E. J. Meyer.

To keep the face smooth, white and beautiful all winter, there's nothing quite so good as ordinary mercelized wax. Bough chapped or discolored skin, inevitable in this weather, is gently absorbed by the wax and replaced by the newer, fresher skin behaved. The face exhibits no trace of the wax, the latter being applied at the wax, the latter being applied at the wax, the latter being applied at the wax and rouges, on the other hand, are apt to appear conspicutions at this season, because of eiternating expansion and consequences. other hand, are apt to appear conspicuous at this season, because of alternating expansion and contraction of the skin, due to changing temperatures. I advise you to try this simple treatment. Get an ounce of mercolized wax at any drug store and use like cold cream. This will help any skin at once, and in a week or so the complexion will look remarkably youthful and healthy.

Winds and flying dust often cause squinting and other contortions which make wrinkies. You can quickly get rid of every wrinkle, however produced, by using a harmiess face bath made by dissolving 1 oz. powdered saxolite in ½ pt. witch hazet.

The olio consisted of an exceedingly good burlesque on Uncle Tom's Cabin, with the "diminutive" Bartlett as little Eva and Sam Johnson as Uncle Tom, supported by Collins, Hussey, Keon, Moriarty and Higgins.

Sam Johnson was never seen to better advantage in Willimantic than in his monologue, his dancing steps in particular showing him to be a past master of the art of minstrelsy now, as in the days when he trod the boards with the best of hem.

George Bartlett in his "rube" act with Collins took the house by storm and nearly raised a riot at both performances, nearly everyone in the boise being fooled into thinking that a roughhouse was being started by one one of the two goals was missed, and the game closed 13-13, so that the rec-ord of not having lost to the Grex club

the most consistent ground gainer, and
the other members of the backfield all
showed to good advantage, Downer at
quarter, Bickell at half and Chappell
at full. In the rush of W. H. S. down
the field the backs, Kenyon, Manley
and Morlarty, were especially in evidence, and Reilley's recovery of a forward pass for the biggest gain of the
game was a great factor. Willimantic has every reason to be proud of the talent displayed locally in this line of work, and it is safe to say that no amateur minstrels in the state are better fitted to give an evening's entertainment than the same Minstrel Boys of Willimantic. Duffy's a Lifetime Benefit

Nearly thirty years ago this ger man began using Buffy's Pure Mail Whiskey. The results were sa beneficial that he has depended upon this valuable medicine in case ture shows how hale and hearty Duffy's has kept him.

"In Thompsonville, Conn., in April, 1885, when I was 22 years of age, I was very sick for three months. A druggist prescribed Duffy's Pure Malt Whiskey. I took 12 bottles during that year and my weight after sickness was 110 pounds. In two years my weight was about 200 pounds. I am now 51 years old and my weight is 250 pounds. I always keep a bottle of Duffy's Pure Malt Whiskey in my house and would not be without it, for in sickness we have used it many times since with good results."—Mr. H. K. Martia, 2207 Huntingdon St., Philadelphia, Pa.

Duffy's Pure Malt Whiskey

is a life-sustaining agent in cases of emergency which no family medicine chest should lack. It is an absolutely pure distillation of clean, selected grain, carefully malted and so processed as to remove, so far as possible, all injurious elements. By its salutary effect upon the digestion it enriches the blood and builds body and muscle, and in the prevention and relief of coughs, colds, and stomach troubles it is very dependable. It makes the old feel young and keeps the young strong and vigorous. Heed the advice of thousands—
